

Hiuspanta

STEP BY STEP 023

Inspiration: 11277

01

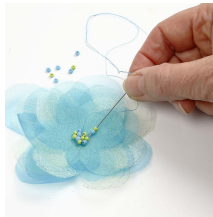

Cut some long thin strips of organza to cover the hair band. Also, cut out four or five flowers.

02

Twist the long strips around the hair band. Attach the organza with the glue gun.

03

Stagger the cut-out flowers and sew them together in the middle. Decorate with sewn-on beads.

04

Glue the flower onto the hair band with a glue gun.

05

Finally heat with a heat gun. The organza will shrink so be careful and only do a small area at a time. Heat all the way around the flower.
