## Ripustettavat lasikoristeet

Nämä lasilevyt on koristeltu taakse liimatulla kuvalla ja A-Color Glass-maaleilla. Teksti ja kuviot on lisätty levyn etupuolelle lasi- ja posliinitusilla ja ripustuslenkki on tehty puuvillalangasta.

01 Print a photo and apply decoupage lacquer to the front. Attach the photo to the back of the glass plate and leave to dry.

02 Using a foam stencil brush, dab A-Color Glass paint all over the back of the glass plate where the photo is attached. Leave to dry.

03 Use a glass and porcelain marker for writing and drawing on the front of the glass plate according to your imagination.

04 A TIP: Apply decoupage lacquer to the painted back of the glass plate to seal and protect it. Leave to dry and attach a piece of cotton yarn for hanging.
