

Jousirannekorut

Korut ovat joustavia ja niissä on piilolukko. Pituuden voi määrittellä itse ja pujottaa jouseen mieleisiään isoreikäisiä helmiä.

Inspiration: 13960

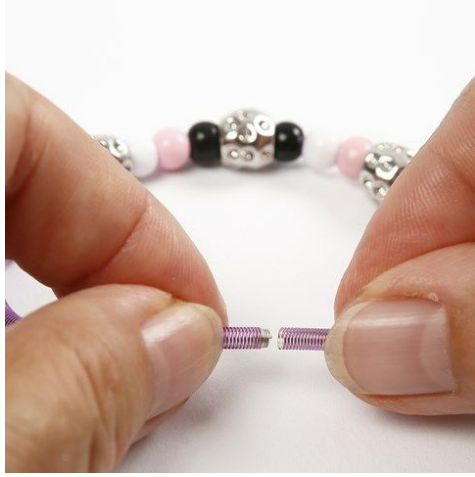

1.

Pull the coiled bracelet, revealing the screw fastener. The bracelet can now be opened.

2.

You may shorten the length of the coiled bracelet at the opposite end to the screw fastener. Use side cutters.

3.

Thread beads with an appropriate hole size onto the opened coiled bracelet. Twist each end in opposite directions (to avoid a 'figure of eight' in the bracelet). Fasten by screwing the ends together.
