Kattauksessa on käytetty Happy Moments-sarjan mustaa pöytäliinaa, hopeakaitaliinaa, mustia ja pinkkejä kynttilöitä ja lautasliinoja. Koristelu on tehty lasimosaiikeilla, hopeisella nauhalla ja paperipaukkukaramellilla. Paikkakorttina on kartonkietiketti.

**1.**

A paper cracker as table decoration:  
Shorten a piece of A4 paper by 2 cm on the short side and cut in half lengthwise. Fold towards the middle from each side. Make angled cuts in the groove on each side.

**2.**

Unfold the paper and roll it and glue it around a small card tube. Attach a satin ribbon through the cut holes at both ends of the tube.

### 3.

A black and white layered menu card: Cut pieces of card, alternating between black and white and all the time smaller than the previous one. The last layer is the actual menu with black print on white paper. Attach all the layers with the largest piece of card at the back and decorate with a glass deco stone.
