

# Rasiatontut

Inspiration: 1270

## 1

Measure all surfaces across the lid (i.e. inside edge: 1 cm, outside edge: 1.5 cm, lid width: 5 cm, outside edge: 1.5 cm, inside edge: 1 cm = 10 cm in total.. Add 1 mm for each fold = 4 mm; i.e. 10.4 cm in total.) This is one measurement. Measure in the same fashion in the other direction . (In this example the lid is a square, so the paper should measure 10.4 x 10.4 cm.)

## 2

Copy the measurements onto the design paper.

**3**

Attach the lid to the middle of the design paper using decoupage lacquer or VTR glue. Apply glue to the edges.

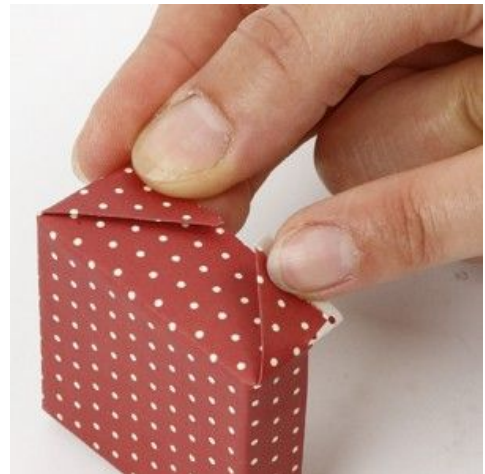

**4**

Cut a small wedge and press the design paper towards the edge.

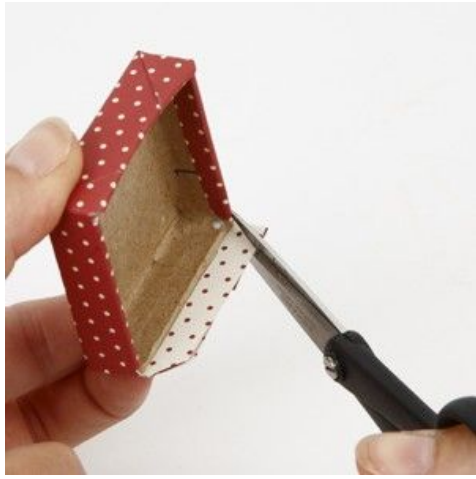

**5**

Fold the corner of the design paper with a bone folder.

**6**

Fold towards the middle.

**7**  
Trim the corners.

**8**  
Apply glue to the flap.

**9**  
And in the corners.

**10**  
Fold around the edge.

**11**

Paint the cone with bordeaux paint.

**12**

Thread the gold thread through the tip of the cone and tie a knot.

**13**

Attach the head using a glue gun.

**14**

Attach the hat using a glue gun. Finish with a knitted tube for the scarf.
